Dear Sir or Madam:

In response to the Decision on Petition mailed by the Office of Petitions on September 20, 2005, I am filing a renewed request for revival of the above identified application. Per the directions of the letter mailed on September 20, 2005, applicant has included the following:

1. This letter;
2. The amendment previously filed with the Examiner on October 20, 2004. Per the examiner's notes, the amendment raises issues requiring further consideration and/or search; and,
3. A "Request for Continued Examination (RCE)" and proper fee of \$395.00.

Applicant states again that any and all delay related to examination of this application has been unintentional on applicant's part and requests that prosecution of the patent application be initiated again.

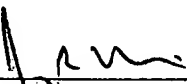

Please take any and all action necessary to expedite entry and re-instatement of the patent application because it does protect products that are actively sold and marketed. Please contact my attorney by phone if anything else is needed or required to support re-instatement of the patent application.

Respectfully submitted,

Isotech of Illinois, Inc.
